Hi, Emily. Finally able to close the loop on this. They needed CRP, didn't want to renegotiate when it failed, so it fell out of PRIA. They finally resubmitted CRP and I just received the review today. This is ready for your signature and stamp.

Thanks!

Sarah

No comments to add, but I'd like to see the acute tox review and we can crosswalk the crp requirements.

Hi, Reuben. This is ready for your secondary review. It's due 5/24.

I was wondering about the possible need for CRP on this?

Thanks,

Sarah
